### Career Objective

IT / ICT professional with a strong foundation in software development, networking, and technical support. Skilled in front-end and back-end development with proven problem-solving and teamwork abilities. Passionate about building innovative digital solutions, improving organizational efficiency, and continuously advancing technical expertise.

### Technical Skills

- **Programming:** Python, JavaScript, HTML, CSS.
- **Frameworks & Tools:** Django, React, Visual Studio, Kali Linux OS & Windows 10/11.
- **Networking:** LAN/WAN setup, configuration & administration, email & internet systems management.
- **Soft Skills:** Problem-solving, teamwork, adaptability, communication.

### Work Experience

#### Front-End & Back-End Developer (Personal Projects) – Ongoing

- Designed and developed responsive web applications using HTML, CSS, JavaScript, and Python.
- Built user-friendly interfaces with a focus on performance and accessibility.
- Developed a real estate admin panel using Django and React to streamline property management.

#### Cyber Operations Manager – 2022–2024

- Managed a cyber-business, ensuring system uptime and smooth operations.
- Installed, configured, and maintained LAN/WAN infrastructures.
- Enhanced client communication through bulk SMS, email system setups, and social media management.

## **ICT Support (Attachment) — Mariakani Sub-County Hospital – 2022**

- Provided ICT support across hospital departments.
- Installed and maintained Local Area Networks for improved connectivity.
- Supported staff with Microsoft Office applications and troubleshooting IT issues.

## **Education**

- Diploma in Information Technology – Co-operative University of Kenya, Nairobi | 2024
- Certificate in Computer Packages – Mabati Technical Training Institute, Mariakani | 2020
- Kenya Certificate of Secondary Education (KCSE) – Kwale High School, Kwale | 2019
- Kenya Certificate of Primary Education (KCPE) – Jambo Jipya Academy, Mariakani | 2015

## **Professional Development**

- Continuous self-learning in software development and networking (W3Schools, online platforms).
- Personal projects in full-stack development and ICT support services.

## **Hobbies & Interests**

- Blogging on technology trends & tutorials.
- Developing coding projects & exploring new technologies.
- Traveling to learn diverse cultures.
- Music & cooperative gaming.
